

Interoffice Memo

LONE STAR INDUSTRIES, INC.

One Greenwich Plaza, Greenwich, Connecticut 06830

Originating Office: Seattle Cement Plant

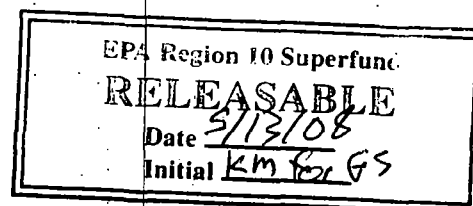

Date: January 18, 1984

BUSINESS CONFIDENTIAL

TO: A. C. Imhoff

FROM: K. J. Rone

SUBJECT: Activity Report - Week Ending 1-15-84

1. Need decision on Mr. Williamson's and Mrs. Ellis' replacements, #14 and #24 kiln tires, sand unloading station, brokerage of Canadian coal.
2. Mr. Josephs cancelled his trip to begin design of a clinker unloading device.
3. Held monthly meeting with Union Committee. (See Mr. Ricci.)
4. Met with Col. Hintz at Corps of Engineers with Mr. Hutton. Col. Hintz indicated that any future modification to the Lone Star wharf would be reviewed in perspective of its impact on the existing marina. Thus, we have lost not only a portion of the turning basin but a portion of our property rights. Next step for the developer will be a zoning change for a restaurant. This should be resisted by LSI as an inappropriate use of land zoned for heavy industry.
5. Mr. Ricci announced agreement in principle to sell plant to Ash Grove Cement.
6. Market share appears to be 10%. (See Mr. Hawley.)
7. #1 kiln on line 1-12-83, 11:00 P.M. 1800 tons lost production due to crack in cooler.
8. Portland track repair approved. Placing order for new crossing. Total cost \$34M.
9. Industrial Mineral Products, Inc. raised price of Tacoma slag 100%. We will review our options.
10. One accident (doctor); no grievances.
11. Visitors: Messrs. Hutton and Ricci.
